Sum of MovieLens Rating by Studio

Sum of Overseas (\$mill) and Sum of US (\$mill) by Genre

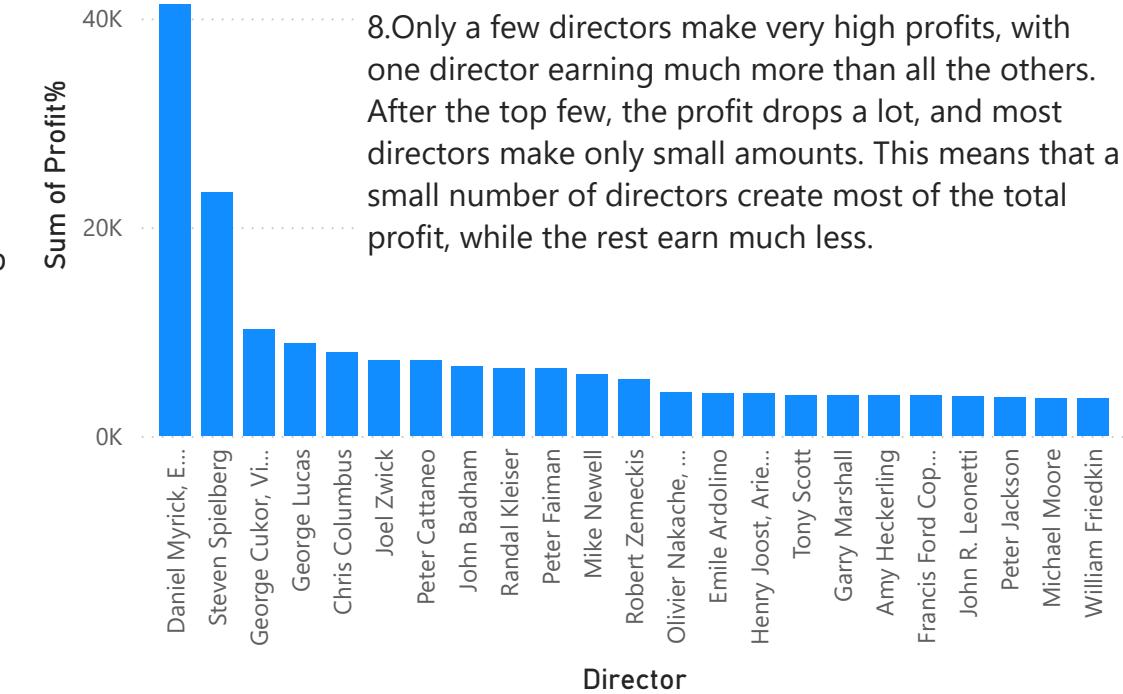

Sum of Budget (\$mill) and Sum of Profit (\$mill) by Movie Title

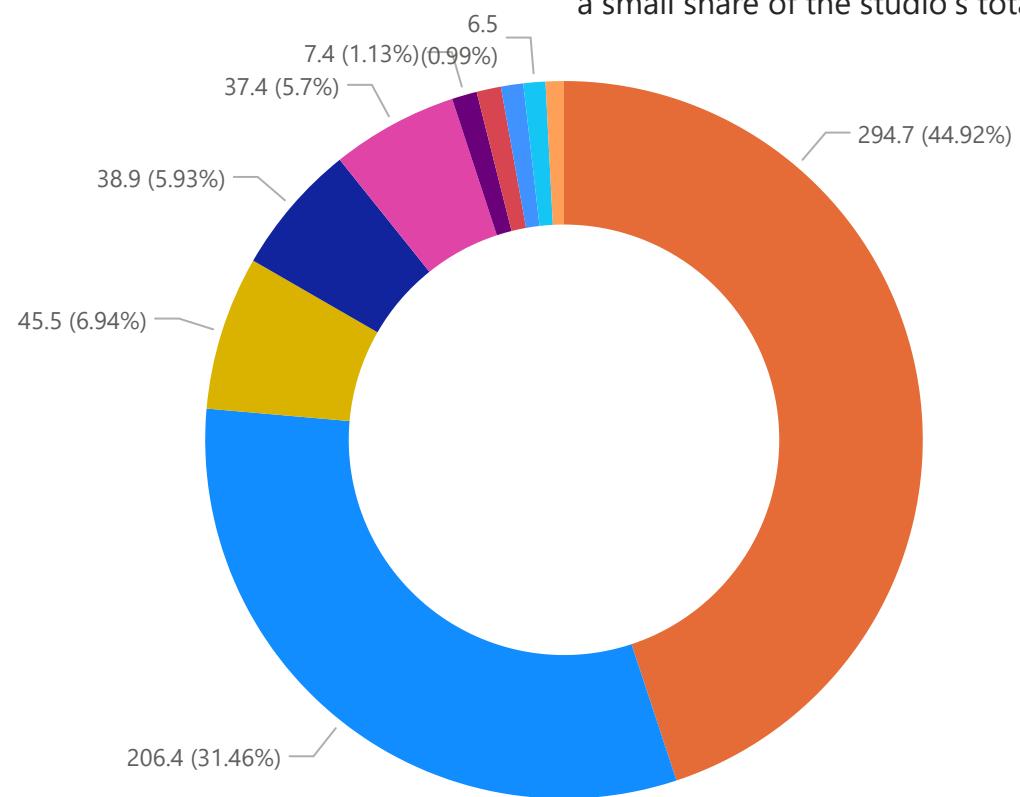

6.While movie budgets stay relatively steady and much lower overall, profits vary widely across titles. Other movies like *Avatar* and some major franchise entries stand out with extremely high profits, creating sharp spikes on the graph, while many others earn more modest returns. Overall, the trend suggests that large budgets do not always guarantee high profits, but certain blockbuster titles significantly outperform the rest and drive most of the profit variation across the dataset.

Sum of Profit% by Director

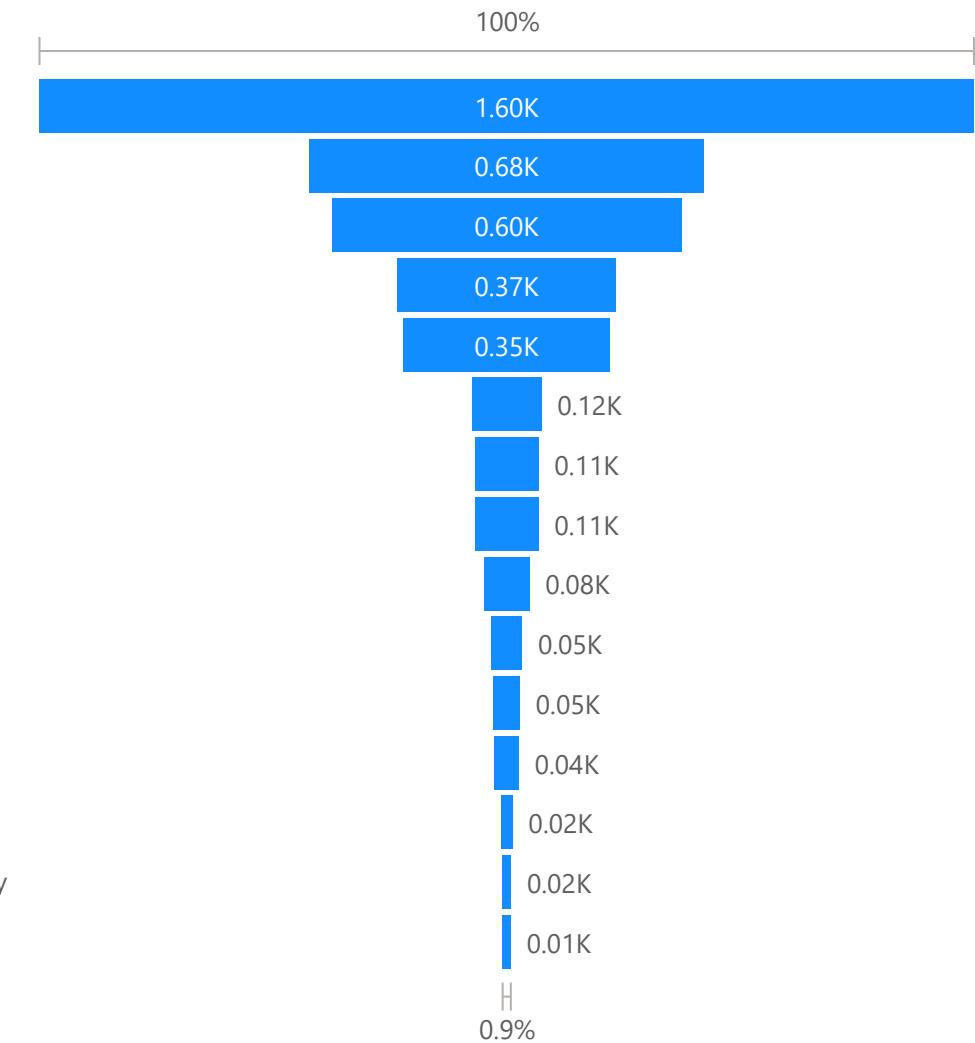

Sum of IMDb Rating by Genre and Studio

Buenavista Studio

9. Buenavista Studio's IMDb ratings mostly come from animation and action movies, with animation being the biggest contributor. Other genres like drama, adventure, and comedy add smaller amounts, while the remaining genres make up only a small share of the studio's total ratings.

Sum of IMDb Rating by Genre

10. Action has the highest total IMDb rating among all genres, far ahead of the others. Animation, comedy, drama, and adventure follow but with much smaller totals, while the remaining genres contribute only a small portion of the overall ratings.
